

## Double Thumbturn Privacy Bolt Installation Instructions

**\*\*Prepare door as directed below.**

- 1. Unscrew center disc on back of both thumbturns by inserting screwdriver into hole and spinning disc until the two parts separate.**
- 2. Insert latch into edge bore and fasten loosely in place through face plate using included installation screws.**
- 3. Use included installation screws to fasten discs to either side of door centering hole in disc over prepared 1/2" bore hole.**
- 4. Insert 1 spindle into each thumbturn and into hub of latch. Each spindle should reach halfway through the hub.**
- 5. Finish installation by screwing thumbturn back onto discs and tightening screws securely on latch face plate.**

**NOTE: Template may not be true-to-size.  
Please use for reference purposes only.  
Do NOT drill until measurements are verified.**

Face Plate: 2-1/4" x 1" x 5/32"
